Mr. Wilson really helped me get through the last year while on workers compensation. He made sure I got everything that was due as far as treatments and compensation. Mr. Wilson was very knowledgeable and was always responsive to any and all questions I may have had. I would certainly recommend Ty to anyone I know.

#### Client Review:

Having to go through a workers compensation case was a very trying and frustrating experience. I am so pleased that Ty represented me in my case, I feel that with another attorney it could have been a completely different situation. From start to finish he treated me as a friend instead of just another client. I knew he was interested in what was in my best interest in every decision that was made. I'm so thankful for all the hard work that he and his

staff rendered on my behalf and would proudly refer his services to family, friends and definitely request his services again should I ever need them in the future.

### **Client Review:**

This is one of the times that I need a Lawyer and he did not talk down to me. He kept us informed as to what we needed to know and in talking to other lawyers he kept our best interest in mine. He would advise us when we needed to make a choice as to what the outcome would be and would not let us make a poor decision that would hurt us. This went on no matter what was pushed on to us. He did nothing that would line his own pocket but kept our welfare as the number one objective. There not much more that I could add to the case he helped us with other than When You Need A Friend!!!

### **Client Review:**

L. Ty Wilson is an excellent lawyer to use. Especially for car/ auto accidents. It took me awhile to find a trustworthy lawyer for my case. I chose him as my lawyer, because he definitely seemed like he would get me back my loss, plus some. He wont rip you off at all, like most lawyers do. Also, the team that works for him are very cooperative, responsive and helpful. So, if in need of a lawyer this is the one to choose.

**Client Review:**

I had the pleasure of working with Ty on a very long drawn out workers comp case spanning from March (approx) to October 2009. For me, his most outstanding quality was being able to explain and communicate all the lawyer jargon in a way I could understand clearly. This is VERY important, I have worked with many a lawyer, civil and criminal, that are so used to dealing with other lawyers that they forget that normal Joes like myself might not understand what they are talking about at first, or that I cannot decipher a thousand spoken words a minute. (Many speak so fast it makes my head spin) Mr. Wilson, on every occasion, explained situations and possible plans of action completely, disclosing all possible outcomes in clear plain English. I would recommend his services in a heartbeat. The only reason I didn't give him a perfect rating is because I don't give anyone perfect scores.

**A Wonderful Experience** My interaction with Ty Wilson was indeed one to remember. Just a little background information, this was my first auto accident and my first interaction with a lawyer. Ty Wilson took my case by the bull horn and educated me throughout the entire process. I had no knowledge about this process at all but after our interaction I left very educated about my case. If I had any questions or if there was anything I didn't quite understand he explained it to me perfectly with no problem. If I had to pick an attorney for any situation faced, I definitely will look towards Ty Wilson.

**A Great Lawyer and Even Better Person** I have had the privilege of knowing Ty for twenty years. He brings hard work, devotion, loyalty and integrity to everything he involves himself in. Ty is greatly respected and trusted by all who know him. His humble and giving personality consistently has him putting his family, friends and clients first. If you want someone to represent you who truly cares about your circumstances, you have found the right person.
